Statement by Steve Fuller

I wish to declare that I was not party to the amicus curiae brief or the editorial written in the name of SciPolicy. These documents represent viewpoints with which I do not wish to be associated.

Steve Fuller
7 November 2005
Steve Fuller
Professor of Sociology
University of Warwick
Coventry CV4 7AL
United Kingdom

Ed. Note- Professor Fuller is a member of SciPolicy Editorial Board who testified in the trial in favor of the Dover School District. He testified that intelligent design is "science" and should be taught in biology classes. He was a recusant in SciPolicy Editorial Board deliberations.
