[Need a speaker?](#) [3]

Here at NCSE, we've just updated our [list of available speakers](#) [4], which now includes our [newest staff members](#) [5], Faith Project Director Peter M. J. Hess and Education Project Director Louise S. Mead, as well as three members of our board of directors, Barbara Forrest, Kevin Padian, and Andrew J. Petto. As the only national organization that is wholly dedicated to defending the teaching of evolution in the public schools, NCSE is the perfect place to provide someone to speak to your organization or university about issues relevant to evolution education and attacks on it. So if you need a speaker, please feel free to get in touch with the NCSE office -- if nobody from NCSE is available or suitable, we'll try to find you someone who is!
