[Multimedia resources at NCSE](#) [3]

Always eager to share the good word, NCSE is pleased to report the opening of a page on our website to house multimedia presentations: <http://www.ncseweb.org/multimedia.asp> [4]. Currently posted there are a talk on grassroots organizing that NCSE's executive director Eugenie C. Scott delivered at the annual meeting of the American Association for the Advancement of Science in 2007, a talk (with slides) on teaching evolution that Scott delivered at a regional meeting of the National Science Teachers Association, and the podcasts that Scott, NCSE's Nick Matzke, and Patricia Princehouse recorded while in Harrisburg, Pennsylvania, for the *Kitzmiller v. Dover* trial. We plan to add further presentations in the future; if you have any suggestions or comments, please feel free to [e-mail](#) [5] or write.
