[Tell your librarian...](#) [3]

NCSE is now extending a special offer to libraries. Both because we are eager for libraries to maintain holdings of our journals, and because we are eager to make space in our storage facility, we are offering free copies of any or all of the back issues of *Creation/Evolution* (ISSN 0738-6001, nos. 1-39, 1980-1996), *NCSE Reports* (ISSN 1064-2358, vol. 9 through vol. 16, 1989-1996), and *Reports of the NCSE* (continuing both, ISSN 1064-2358, vol. 17 ongoing, 1997-present) to libraries. Libraries can take advantage of the offer to replace missing or damaged individual copies or to extend the range of their holdings.

Probably academic libraries will be most interested -- and we urge our members and friends who work at colleges and universities to bring the offer to the attention of the periodical departments of their libraries -- but the offer is open to public and school libraries as well. Interested librarians should write to Archivist, NCSE, PO Box 9477, Berkeley CA 94709-0477, fax (on letterhead) to (510) 601-7204, or e-mail the NCSE archivist at archivist@ncseweb.org [4] to request further information or order back issues at no cost to their libraries. The offer is good only while supplies last, and may be withdrawn at any time at NCSE's sole discretion.
