[RNCSE 34:1 now on-line](#) [3]

NCSE is pleased to announce that the latest issue of *Reports of the National Center for Science Education* is now available on-line. The issue — volume 34, number 1 — features Joseph E. Armstrong and Marshall D. Sundberg's "Yes, Bobby, Evolution is True!"; Barbara Forrest's "Louisiana's Love Affair with Creationism"; and Stanley A. Rice's "Confessions of an Oklahoma Evolutionist." And for his regular People and Places column, Randy Moore discusses the petroleum magnate and paleontology fan Harry Sinclair.

Plus a host of reviews of books on evolutionary biology: Robert M. Cox reviews Daphne J. Fairbairn's *Odd Couples*, James H. Hunt reviews Robert E. Page Jr.'s *The Spirit of the Hive*, Roy E. Plotnick reviews Douglas H. Erwin and James W. Valentine's *The Cambrian Explosion*, John H. Relethford reviews Edward O. Wilson's *The Social Conquest of Earth*, Christopher Irwin Smith reviews John N. Thompson's *Relentless Evolution*, and Tara C. Smith reviews Roberto Kolter and Stanley Maloy's edited collected *Microbes and Evolution*.

All of these articles, features, and reviews are freely available in PDF form from <http://reports.ncse.com> [4]. Members of NCSE will shortly be receiving in the mail the print supplement to *Reports* 34:1, which, in addition to summaries of the on-line material, contains news from the membership, a regular column in which NCSE staffers offer personal reports on what they've been doing to defend the teaching of evolution, a regular column interviewing NCSE's favorite people, and more besides. (Not a member? [Join](#) [5] today!)
